BUILDING TO A BILLION AND BEYOND

A core function of the Cedar Rapids Metro Economic Alliance is to promote economic growth and development. The success of any community is measured by a strong business environment that supports all employers.

The Cedar Rapids region continues to see great accomplishment in both existing business expansions, as well as with new businesses moving to our community. The capital investment throughout the last seven years has shown a very positive, forward momentum that continues through today as we grow and retain new and existing business.
